SUMMARY

BCA student and Java backend developer with expertise in Spring Boot, REST APIs, Spring Security, Hibernate, and SQL. Proven ability to build secure full-stack applications using layered architecture, JWT authentication, and AI-powered features.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, Python, C

Backend: Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, JWT

Databases: MySQL, PostgreSQL

Tools: Git, GitHub, Maven, Docker, Postman, IntelliJ IDEA, VS Code, MySQL Workbench

Core: OOP, Data Structures, DBMS, OS, Layered Architecture, API Development

PROJECTS

JobIntel — AI-Powered Job Application Platform

[GitHub](#)

March 2026 – Aug 2026

Tech Stack: Java 21, Spring Boot, React, TypeScript, PostgreSQL, Docker, REST APIs, AI/LLM

- Built a modular backend architecture with RESTful APIs for job management, applications, candidate profiles, and analytics.
- Integrated AI/LLM capabilities to analyze job descriptions and candidate profiles, generating job-fit insights, skill-gap analysis, and career recommendations.
- Implemented database-backed application workflows using PostgreSQL and containerized the application using Docker for development and deployment.

Resolvify — Complaint Tracking System

[GitHub](#)

Nov 2025 – Feb 2026

Tech Stack: Java, Spring Boot, Spring Security, JWT, Spring Data JPA, Hibernate, MySQL, Bootstrap, Maven

- Developed a full-stack complaint tracking system using Java and Spring Boot with Controller-Service-Repository layered architecture.
- Designed REST APIs using Spring Data JPA and Hibernate for complaint creation, management, search, filtering, pagination, and status tracking.
- Implemented JWT-based authentication and role-based access control with Spring Security for user and administrator workflows.

EDUCATION

Bachelor of Computer Applications (BCA)

2024 – 2027

Graphic Era Hill University, Bhimtal

CGPA: 8.8

Intermediate (Class XII)

2023 – 2024

BSSV Nainital

Percentage: 83%

CERTIFICATIONS

- Programming in Java — NPTEL

Score: 93%
